

DANANG KUSUMA WIDHAGDHO

IT & OPERATIONS PROFESSIONAL | TECHNICAL PROJECT SPECIALIST

Malang, East Java, Indonesia • +62 821 3977 3700 • danang.k.23.12@gmail.com

PROFESSIONAL SUMMARY

Adaptable **IT & Operations Professional** with over 6 years of experience driving system efficiency, technical workflows, and internal digital solutions. Strong growth mindset with a proven ability to rapidly learn and apply new technologies—from web platforms and AI service integrations to cloud infrastructure on Google Cloud Platform. Demonstrated success in leading internal tool initiatives like **ItinEvo** (an AI-powered PMS) while bridging cross-functional operations, technical problem-solving, and continuous learning.

CORE COMPETENCIES & TECHNICAL SKILLS

Technical Adaptability:	Rapid Technology Adoption, Workflow Automation, Web Interface Design, AI API Integrations.
Web & Cloud Systems:	WordPress Development & Customization, HTML5/CSS3, JavaScript Fundamentals, Google Cloud Platform (GCP).
Systems & Operations:	IT Infrastructure Maintenance, Property Management Systems (PMS) Logic, Troubleshooting, Performance Optimization.
Professional Mindset:	Continuous Learning, Problem Solving, Cross-Functional Collaboration, Technical Project Coordination.

PROFESSIONAL EXPERIENCE

Project & Internal Systems Coordinator Plankton Tour Indonesia	2025 – 2026
- Initiated and coordinated the development of ItinEvo, an internal AI-assisted Property & Trip Management System (PMS) hosted on Google Cloud Platform (GCP). - Learned and integrated modern cloud services and AI APIs to automate internal itinerary generation and operational workflows. - Oversee system reliability, web asset maintenance, and technical execution across operational units.	
Operations & IT Lead Plankton Tour Indonesia	2022 – 2025
- Led operational teams across sales, tour execution, and after-sales while maintaining underlying IT systems. - Designed and implemented a web-based digital project tracking workflow that reduced operational turnaround time by 40%. - Maintained and updated company WordPress platforms, improving user experience and mobile responsiveness.	
IT Specialist & Content Editor Plankton Tour Indonesia	2019 – 2022
- Balanced technical IT maintenance with promotional media creation, adapting to multi-role requirements. - Optimized web assets and digital content to ensure fast loading times and efficient system delivery.	
IT Web Specialist Plankton Tour Indonesia	2017 – 2019
- Built and deployed the initial company website using WordPress to support tour package sales. - Configured initial site architecture, database settings, and essential operational web tools.	
IT Specialist CV Larissa Pratama	2012 – 2015
Managed network infrastructure and hardware troubleshooting, maintaining high system availability.	

KEY TECHNICAL PROJECTS

ItinEvo – AI-Powered Internal PMS (Project Lead & Builder)	2026
Focus: Growth Mindset, AI Service Integration, Cloud Deployment (GCP). - Explored and implemented an AI-assisted internal platform to replace manual itinerary creation, demonstrating quick learning of new tech stacks and practical automation.	

Plankton Tour Web Platform (Web Developer & System Administrator)

2017 – Present

- **Focus:** Web Performance, Reliability, Continuous Improvement.
- Maintained 99% uptime, continuously learning and applying speed optimization techniques and tracking tools.
